

FACULTY POSITIONS

Department of Aeronautics and Astronautics National Cheng Kung University, Taiwan

National Cheng Kung University is one of the premier universities in Taiwan, housing some of the best teaching and research facilities in this region. Department of Aeronautics and Astronautics has fostered an active and vibrant research environment with support of good research infrastructure, as well as growing R&D opportunities from Tainan Science-Based Industrial Park. We have 40 faculty members actively involving in many strategic research and development projects and over 200 undergraduate and 200 graduate students studying in our Department.

From 2012, the department particularly initiates an *international undergraduate program on Energy*. Two faculty positions will be opened from Feb. 2013 for qualified candidates who possess **Ph.D degree in Engineering and Science** and have enthusiasm for teaching (in English) and research in energy field. Applicants who have experience on structure and material studies related to energy technology/system are especially encouraged.

Applicants are required to send their curriculum vitae, including their areas of research interest, list of publication and a list of three referees before September **9, 2012** to:

Cheng, Chin-Hsiang
