

Department of Aeronautics and Astronautics
National Cheng Kung University
Tainan, Taiwan

National Cheng Kung University is one of the premier universities in Taiwan, housing best teaching and research facilities in southern Taiwan. Department of Aeronautics and Astronautics (DAA) has been an active and vibrant research and education program with good research infrastructure and growing R&D opportunities from Southern Taiwan Science Park. Currently, we have 40 faculty members actively involving in many research and development projects, with over 250 undergraduate and 350 postgraduate students enrolled in our department.

From 2012, the Department particularly initiated an *International Bachelor Degree Program on Energy*. Two faculty positions will be opened for qualified candidates who possess PhD degree in Engineering or Science and have enthusiasm for teaching (in English) and research. Applicants who have experiences related to energy technology or aerospace engineering, particularly in the areas of electric power, communication, structure, materials and aerodynamics, are especially encouraged.

Applicants are required to send their curriculum vitae (indicating their areas of research interests), list of publications, and recommendation letters and contact information of three referees before February 28, 2015 to:

Cheng, Chin-Hsiang
